Event: BIS Standard Spectrum 3.0

Event Name: BIS Standard Spectrum 3.0

Organized by: BIS-Standards Club of CSBS

Date: 04.09.2024

Venue: CSBS classroom

BIS Standard Spectrum 3.0 started with the Tamil thai vazhluthu . The guest was felicitated. The chief guest Dr.K. Anbumani , Associate professor ,E&I Sri Sai Ram Engineering College .Then followed by his insightful speech. The event started being a multifaceted event designed to showcase and enhance the creative, analytical and oratory skills of the participants based on BIS Standards. The event featured three distinct segments: Jam, Skits on identified subjects and Standards Parliament. Each segment was aimed at understanding the needs for standards fostering teamwork, innovation and critical thinking among students

1. Jam

Description:

Jam (Just a Minute) was a high-energy segment where participants were given a topic and had to speak on it for one minute without hesitation, repetition, or deviation. This activity tested their spontaneity, confidence, and public speaking skills.

Key Highlights:

- Participants: 40 students
- Topics Covered: BIS STANDARDS
- Judges:Dr. Sathyapriya /Assistant professor/Physics/Sri Sairam Engineering College
- Feedback: Judges praised the participants for their quick thinking and creativity. Areas for improvement included maintaining coherence and staying on topic.

2. Skits on identified subjects

Description:

The Skits segment allowed participants to present short, theatrical performances based on a given theme or prompt based on BIS standards. This segment aimed to enhance their acting skills, teamwork, and ability to convey messages through performance.

Key Highlights:

- Number of Skits: 14
- Themes: BIS STANDARDS
- Judges: Ms.J.Malathi /Assistant professor/CSBS/Sri Sairam Engineering College

- Feedback: The skits were noted for their originality and humor. Some skits could benefit from tighter scripts and more rehearsals.

3. Standards Parliament

Description:

The Parliament segment was a mock debate where participants engaged in discussions on BIS standards. This segment was designed to test their debating skills, critical thinking, and ability to argue logically.

Key Highlights:

- Number of Teams: 10
- Topics Debated: BIS STANDARDS
- Judges: Dr Geetha /Associate professor/English/Sri Sairam Engineering College

- Feedback: The debates were lively and well-informed. Participants were encouraged to work on their rebuttal strategies and ensure balanced arguments.

Conclusion

BIS Standard Spectrum 3.0 was a successful event that highlighted the understanding of the needs of Standards and the diverse talents of the students. Each segment provided a platform for participants to showcase their skills and learn from their peers. The event received positive feedback from both participants and judges, with suggestions for future improvements including more time for preparation and increased interaction among participants.
